

CHAPTER 1

Organizational behaviour today

LEARNING OBJECTIVES

After studying this chapter and working through the associated Management in Action panels, Discussion Questions and Case Study, you should be able to:

- **Understand the distinction between research in the natural and in the social sciences.**
- **Explain the particular difficulties involved in studying and developing theories in the area of management.**
- **Outline the essence of the relationship between organizations, managers and employees.**
- **Appreciate that the concept 'organization' incorporates many different forms.**
- **Discuss how the study of organizational behaviour can contribute to an understanding of management.**
